# Calling all local businesses...

Join us in our Tidy-Up Smarten-Up Campaign to help improve the appearance of Warminster town centre.

The town council in conjunction with Warminster Business Network are making concerted efforts to encourage people back to the town centre through improvements to the public streetscene and by staging town centre events such as the seasonal markets. To help us with this project, we would like to invite local businesses to become part of this drive by getting involved.

We appreciate the challenges that come with property management, especially in today's economic climate. However, if the whole town pulls together, we can collectively make a significant difference to help smarten-up the town, instil further pride into the town and encourage footfall back to the shopping area - something that the whole community will benefit from.

Simple actions such as cleaning, repainting, and ensuring windows are clean and free of damage can greatly enhance the look and feel of our town. Your efforts, no matter how small, will help to contribute towards Warminster becoming a more vibrant town.

## Support available...

Warminster Business Network is currently offering funding for these types of activities. If your business needs assistance, please get in touch to find out what support is available.

## Stay in contact...

We'd love to hear about the improvements you're planning to make. Keeping us updated not only helps us track our collective progress but also allows us to share your successes with the wider community.
